

The Chaotic City

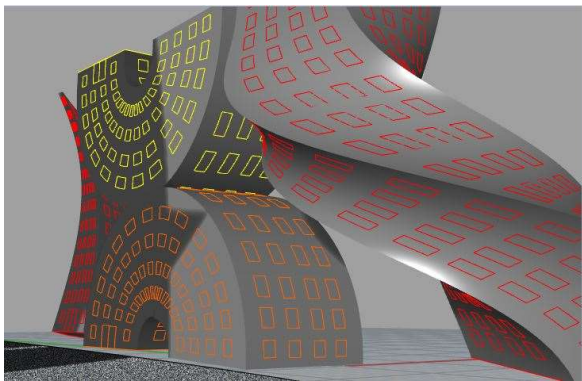

A visit to a large city for a small town local.

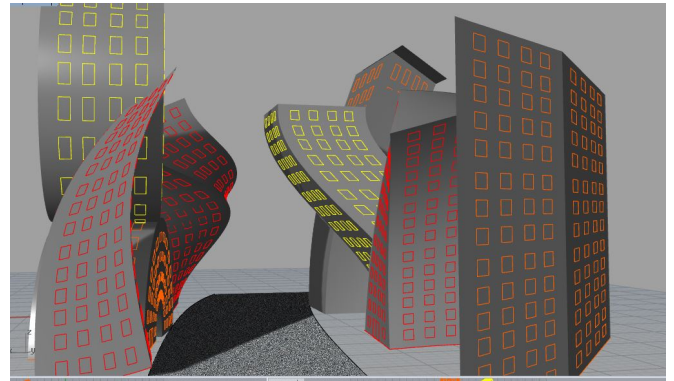

Shown above is the starting model of a generic city block.

Above is the final chaotic yet beautifully overwhelming block.

This view shows the overwhelming and off-putting twists.

This view puts the twists in an artistic display that is pleasing.

This model demonstrates how overwhelming visiting a large city can be while also showing how attention catching and beautiful it can be despite being unusual. The curves that cross over the crosswalk seem ominous yet the fun colors and attention grabbing curves make the images appealing. This model demonstrates the terrifying yet exciting experience of traveling to larger cities.
